California's New Waste Reduction & Food Recovery Strategy

RECOVER

As of January 1, 2022, certain businesses are required to save surplus, edible food which would otherwise be discarded, so that it can feed people in our community without enough to eat.

PARTNER

Establish partnerships with local food rescue organizations via written agreements in order to recover the maximum amount of your business's surplus, edible food.

RECORD

Keep a careful log of all food recovery activities. City officials will request your records during routine facility inspections.
