

Dear recycLA customer,

In July 2017, the City of Los Angeles (City) launched recycLA, a public-private partnership that, for the first time in the history of the City, offers customer-friendly and efficient waste and recycling collection services to commercial/industrial businesses and large multifamily buildings. recycLA will help move the City closer to achieving its zero waste goals through its pioneering waste reduction, reuse, recycling, and recovery programs.

recycLA offers a host of benefits to those who work and live in Los Angeles including but not limited to clean fuel vehicles, recycling at 100% of customer sites, annual landfill reduction targets of one million tons, and recycling infrastructure investment and development.

recycLA also offers a host of benefits to its customers which includes standardized and transparent rates, customizable waste and recycling services, 24/7 customer service support, and enforcement of customer service standards.

As a potential recycLA customer, you are receiving this notice as part of the recycLA customer onboarding process. Commercial and Multi-Family businesses must work with their designated recycLA Service Provider (RSP) for their waste and recycling services. Signing up for recycLA waste and recycling collection services requires a Waste Assessment wherein you will work with your designated RSP to customize your waste and recycling services. Appointments for Waste Assessments can be made by calling LA Sanitation's (LASAN) 24/7 Customer Care Center at 1-800-773-2489.

Please be advised that Commercial and Multi-Family Businesses are required to have waste and recycling collection services in accordance with the Los Angeles Municipal Code (LAMC) section 66.33.2. Failure to subscribe to and maintain active recycLA waste and recycling collection services is a violation of the City's ordinance and may lead to prosecution.

Thank you in advance for your cooperation and participation in the recycLA customer onboarding process. If you would like more information about recycLA, please visit [recycLA.com](http://recycLA.com).

## **CUSTOMER RIGHTS AND RESPONSIBILITIES**

### **CUSTOMER SERVICE AGREEMENT/LEVEL OF SERVICE**

- Your recycLA Service Provider (RSP) will provide you with a Service Agreement Form that identifies all the services provided to you along with all the associated costs including any Extra services.
- You will be provided with solid resources containers (Black, Blue, and Green Bins) of sufficient size, type and number to ensure that all solid resources are properly stored and contained until they are removed for disposal or processing.
- If you submit a request for a change in service level which results in a lower rate, your billing amount will be adjusted within seven (7) days of the date of request regardless of whether or not the correct containers or changes in service level is provided within that timeframe. All billings shall be prorated to reflect changes in service level.

### **COLLECTION FREQUENCY/HOLIDAYS/EXTRA SERVICES**

- Your collection service will include at a minimum one 96 gallon Black refuse/garbage Bin and one 96 gallon Blue comingled recycling Bin that will be collected at least once a week.
- Days of collection will be Monday thru Saturday. You can request for a Sunday collection for an additional service fee. If your scheduled collection day falls on a holiday, your RSP will provide collection service on the day before the holiday, if requested, or within one (1) day of the scheduled collection. Sunday collection service is excluded if the holiday falls on a Saturday.
- Extra Services may be applicable to your situation. See the separate Additional Customer Fees and Charges list of Extra Services and associated fees and charges.

### **WHAT WILL BE COLLECTED**

- Your RSP will collect commercial and multi-family refuse/garbage in Black Bins, recyclable materials in Blue Bins and organic waste in Green Bins. If applicable, Horse Manure will be collected in Brown Bins. Refer to LAMC Sec. 66.03
- You will provide full access to your containers on your designated collection day(s). The RSPs cannot remove obstructions to access your containers.

**NEVER PUT THESE MATERIALS IN YOUR BINS**

- **State law prohibits the disposal of hazardous waste and certain electronic waste in your containers.** These wastes includes but are not limited to:

<b>Certain Mercury-containing Devices</b> (i.e.: Batteries, Thermometers)	<b>Construction and Demolition Waste</b> (i.e.: Concrete, Wood, Asphalt)	<b>Electronic Waste – Items with an Electrical Cord</b> (i.e.: Large Appliances, TVs, DVDs, VCRs)
<b>Fluorescent Light Tubes/Bulbs</b>	<b>Radiological Waste</b>	<b>Medical Waste</b>
<b>Pharmaceuticals/Over-the-Counter Medicines</b>	<b>Paints</b>	<b>Pesticides</b>
<b>Sharps</b>	<b>Used Motor Oil</b>	<b>Solvents</b>

**MISSED COLLECTION**

- If your RSP is at fault for a missed collection and you report it before 2:00 PM on your scheduled collection day, your RSP will provide the collection by 6:00 PM on the same day. All missed collections reported after 2:00 PM on the day of collection will be collected by 10:00 AM on the next regular service day, Monday-Saturday. If a missed collection is resolved on a Sunday, you will not be charged additional fees for this collection.
- To report a missed collection call 311, 1-800-773-2489 or go to recycLA.com.

**CONTAINER REPAIR/REPLACEMENT/SERVICE**

- Your RSP will repair or replace your containers as the result of normal wear and tear, resulting from proper use, or damage resulting from the RSP’s actions at no cost to you.
- You will be responsible for the cost of repair or replacement of containers that are damaged as a result of your negligence or misuse, including overfilling or depositing of prohibited materials.
- You are entitled to one (1) free steam cleaning per twelve (12) month period per container upon request. You can request additional steam cleanings for an additional fee.
- Your RSP is responsible for removing graffiti from RSP-supplied containers upon request at no charge up to three (3) times per twelve (12) month period. Any additional requests, within the twelve (12) month period will be an additional fee. Your RSP will remove graffiti reported within five (5) business days of notification. For containers owned by you, you may request graffiti removal by your RSP for an additional fee.
- Your RSP will be responsible for all costs associated with the repair or replacement of property that has

been damaged by the RSP's equipment, employees or agents.

## **MULTI-FAMILY VALET SERVICE**

- Your RSP will continue to provide valet service to all multi-family establishments that were enrolled in the CITY's Multifamily Residential Recycling Program (MFRP) at no additional cost. You may choose to continue your current collection program. The following changes in service level may result in the cancellation of the valet service:
  - ✓ An increase in the frequency of collection of the Blue Bin(s); or
  - ✓ A change in container size or type (i.e., replacing 96 gallon carts with a 3 cubic yard bin).

## **REASONS FOR NON-COLLECTION**

- Should your RSP not be able to collect a container due to the following reasons, a written Non-Collection Notice will be left indicating the reason(s) such as:
  - ✓ Container(s) is determined to contain hazardous waste, medical waste, electronic waste, exempt materials, or construction and demolition materials.
  - ✓ Blue Bin(s), Green Bin(s), or Brown Bin(s) are determined to be contaminated after the RSP has left the required number of notifications.
  - ✓ Container(s) is overweight and cannot be safely moved and/or emptied by RSP personnel and/or equipment
  - ✓ Container(s) contents will not empty after tipping
  - ✓ Container(s) is overfilled
  - ✓ Container(s) is blocked or inaccessible. The RSP cannot remove obstructions to access your containers.
- Non-collection will result in an additional charge.

## **BILLING**

- Your RSP will bill you on a monthly basis that will cover the following month's service.
- You will have the option to pay your monthly bill by mail, online, and phone or at your RSP's Customer Service Center. You will also have the option of receiving proof of payment via paper, electronic or both methods for all transactions.
- If you are billed an amount greater than appropriate for the service you are enrolled at any time during the term of the agreement and for any reason, your RSP will promptly credit your account for the full amount that was overbilled. You will have the choice of your refund to be in the form of check or credit.
- Monthly payments are due 15 days after you receive your bill. Bills not paid by the due date will be considered delinquent and may result in late fees, missed collection, and eventual suspension of services.
- Rates will be adjusted on an annual basis at the beginning of each year.

## Food Rescue and Materials Reuse in the recyclA Franchise Program

The recyclA Franchise Program includes Food Rescue and Materials Reuse Programs for commercial businesses and multi-family residents in the City of Los Angeles. Since the recyclA program began in 2018, the recyclA Service Providers (RSPs) have been meeting and sometimes surpassing their contractual requirements of partnering with non-profit Food Rescue Organizations or Community Based Organizations to fund food rescue and materials reuse programs. Here's a snapshot of what we've accomplished from January 2018 through December 2025.

	Food Rescue	Material Reuse	Program Total
<b>Total Funding</b>	<b>\$4,873,818</b>	<b>\$802,802</b>	<b>\$5,676,620</b>
<b>Total Pounds donated</b>	<b>107,484,660</b>	<b>8,787,440</b>	<b>116,272,100</b>
<b>Number of Meals donated</b>	<b>89,570,550</b>	<b>N/A</b>	<b>N/A</b>

According to the U.S Environmental Protection Agency, in the United States, food is the single largest category of material placed in municipal landfills, where it emits methane, a powerful greenhouse gas. Municipal solid waste landfills are the third-largest source of human-related methane emissions in the United States, accounting for approximately 14.1 percent of these emissions.

CalRecycle, a California State Agency, states that “Californians throw away nearly 4.4 million tons of food scraps or food waste each year. This represents about 11 percent of all the material that goes to landfills.”

California Senate Bill (SB 1383) is a short-lived climate pollutants regulation that went into effect on January 1, 2022. The goal of the mandate is to reduce California’s landfilled organic waste by 75 percent by 2025. It also requires that 20 percent of presently disposed surplus edible food be recovered for human consumption by 2025. The City of Los Angeles’ Organics Ordinance No. 187711 became effective on January 18, 2023 to ensure implementation and enforcement of the state-mandated SB 1383.

Your RSP is committed to offering organic services (green bin) to all recycLA customers. Additionally, your RSP actively supports local food rescue initiatives, aimed at gathering surplus edible food suitable for human consumption, thereby bolstering the City's ability to provide for its most vulnerable communities.

If your business is a Tier 1 or Tier 2 edible food generator and you produce surplus edible food, then you are required to establish a contract or written agreement with a local Food Rescue Organization (FRO) or Food Service Provider (FRS) and donate the maximum amount of surplus edible food that would otherwise go to landfills. You must also keep records of all donations that are provided to your FRO/FRS partner and make them available to City staff during a site inspection.

The **TIER 1** and **TIER 2** businesses include:

**TIER 1:** Wholesale Food Vendor, Food Service Provider, Food Distributor, Grocery Stores and Supermarkets (10,000 sq. ft. or more)

**TIER 2:** Hotels (with onsite Food Facilities and 200+ Rooms), State Agency Cafeterias (greater than or equal to 5,000 sq. ft. or 250+ seats, Large Venues and Events, Restaurant Facilities (greater than or equal to 5,000 sq. ft. or 250+ seats, and Health Facilities (with onsite Food Facilities and 100+ beds)

To learn more about the California legislation or City Ordinance go to [recycLA.com/organics](http://recycLA.com/organics).

If you would like to learn more about the services offered in your Franchise Zone, please contact your RSP.

## 2026 Additional Customer Fees & Charges

The following are fees established by the City of Los Angeles that the recycLA Service Provider (RSP) may charge their customers if they service the solid waste, comingled recyclables, or organic waste containers for any of these reasons:

### Overfilled:

- The solid waste, comingled recyclables, or organic waste materials are observed to extend above the rim of the container and the lid will not completely close.
- The solid waste materials are placed outside of a full container and prevent the container from being safely collected.  
✓ **\$39.49 per occurrence**

### Overweight:

- The amount of solid waste, comingled recyclables or organic waste material exceeds a collection truck's ability to collect it or creates unsafe conditions for collection personnel.  
✓ **\$158.65 per occurrence**

### Contamination:

- More than 10% of the material in the blue bin recycling container is solid waste or organic waste.
- More than 10% of the material in the green organics container is solid waste or comingled recyclables.  
✓ **\$78.97 per occurrence**

### Penalty Assessment

- Before you are assessed any fees for not properly separating your waste, the following steps will be taken by your RSP:
  - 1<sup>st</sup> instance: Photos will be taken of the non-conforming container. A written courtesy notice will be provided explaining the special collection needs of the non-conforming material and include information of potential fees.
  - 2<sup>nd</sup> instance: Same as 1<sup>st</sup> Instance with the inclusion of a contamination fee.
  - 3<sup>rd</sup> and subsequent instance: Your RSP will have the option of charging the contamination fee or initiating non-collection procedures.
  - 2<sup>nd</sup> or 3<sup>rd</sup> instances considered as such if they occur within twelve (12) calendar months.

### Hazardous, Radiological or Biochemical Waste Contamination:

- State law prohibits the disposal of hazardous waste and certain electronic waste in the solid waste, comingled recyclables, or organic waste containers.  
✓ **\$158.65 per occurrence**

### Bulky Waste:

- Materials which are too large to be placed in the black bin.  
✓ **\$47.38 per item**

NASA Services, Inc.  
**SERVICE GUIDE**

Commercial Solid Waste  
and Recycling Services

Dear Valued Customer,

NASA Services is pleased to be your new Franchise Service Provider (FSP) for solid waste and recycling collection in the Downtown zone. In partnership with the City of Los Angeles, NASA Services is rolling out recycLA, the new solid resources system designed to “Make Waste History”.

This system will establish efficient collection and sustainable management of solid waste and recyclables, for now and the foreseeable future. NASA Services is excited to participate in this momentous shift from disposal to Zero Waste practices. Our promise is to work diligently to ensure that we exceed the City’s waste diversion goals and provide all customers with unparalleled service.

This Guide will provide information about available services. In addition, our Zero Waste Specialists will provide waste assessment results so you can identify the optimal level of services needed for your business or multi-family dwelling.

Together we can all be “Agents of Change” to create a greener future for our residents, our communities, and our environment.

Sincerely,

Arsen Sarkisian  
President

## Helpful Guidance on Sorting Organics

California Senate Bill (SB) 1383 went into effect on January 1, 2022, with the goal of reducing organic waste – especially food scraps and yard trimmings – being sent to landfills. When organic materials break down, they release methane, a greenhouse gas that is harmful to both human health and our environment.

SB 1383 requires that all businesses and multi-family residences in California:

- 1) Subscribe to an organics collection service, and
- 2) Properly sort organics correctly into the green container.

Refer back to this simple guide for proper sorting!

## Pautas útiles sobre cómo clasificar los residuos orgánicos

La Ley del Senado (SB) 1383 de California entró en vigencia el 1.º de enero de 2022 con el objetivo de reducir los residuos orgánicos – especialmente los restos de comida y las podas de jardín – que se envían a los vertederos. Cuando la materia orgánica se descompone, libera metano, un gas de efecto invernadero que es dañino para la salud humana y para nuestro medio ambiente.

La SB 1383 exige que todos los negocios y las residencias multifamiliares de California:

- 1) se suscriban a un servicio de recolección de residuos orgánicos, y
- 2) clasifiquen correctamente los compuestos orgánicos en el contenedor verde.

Consulte esta guía sencilla para saber cómo clasificar adecuadamente los residuos.

## 유기물 분리배출에 대한 유용한 안내

2022년 1월 1일부터 시행된 캘리포니아 상원법 (SB) 1383은 음식물 쓰레기, 정원에서 나온 가지, 풀과 같은 유기성 폐기물의 일반 매립지행을 감소시키는 것을 목표로 합니다. 유기물이 분해될 때 메탄이 발생하는데, 이는 인체 건강과 환경 모두에 해로운 온실가스입니다.

캘리포니아 상원법 (SB) 1383 법에 따라, 모든 사업체 및 다세대 주거시설은 다음을 준수해야 합니다:

- 1) 유기물 수거 서비스에 가입
- 2) 유기물을 올바르게 분류하여 녹색 용기에 배출

올바른 분리배출 방법은 아래의 간편 가이드를 참고하세요!

### 2026 Holiday Collection Schedule

Collection DOES NOT occur on these holidays: July 4th, Labor Day, Thanksgiving, Christmas, and New Year's Day. All collection for the remainder of a week in which a holiday falls will take place one day later than normally scheduled.

### Missed Collection

To report a missed collection, call the LA Sanitation & Environment Customer Care Center at 1-800-773-2489 or go to [LACitySAN.org](http://LACitySAN.org).

- IF REPORTED before 2:00 PM, then service will be PROVIDED by 6:00 PM.
- IF REPORTED after 2:00 PM, then service will be PROVIDED by 10:00 AM next day.
- If a missed collection is resolved on a Sunday, you will not be charged additional fees for this collection.

When we don't collect, your containers were determined to have materials that are not allowed; overweight and could not be safely moved and/or emptied; or overfilled or blocked.

### Calendario de colección para días festivos en 2026

NO HABRÁ colección en los siguientes días: El 4 de julio, el Día del Trabajador, el día de acción de gracias, el día de navidad y el día de año nuevo. Toda la colección para el resto de una semana en la que cae el día festivo tendrá lugar un día después de lo programado.

### Pérdida de colección

Para informar que no hubo colección, llame al Centro de atención al cliente de LA Sanitation & Environment al 1-800-773-2489 o visite [LACitySAN.org](http://LACitySAN.org).

- Si lo reporta antes de las 2:00 p. m., el servicio se BRINDARÁ antes de las 6:00 p. m.
- Si se reporta después de las 2:00 p. m., el servicio se BRINDARÁ antes de las 10:00 a. m. del día siguiente.
- Si una falta de colección se resuelve el domingo, no se le cobrarán cargos adicionales por esta colección.

Quando no se hace la colección, es porque se determinó que sus contenedores tenían materiales que no se permiten, sobrepeso, no se podían mover o vaciar de manera segura o estaban sobrelLENados o obstruidos.

COUNTY OF LOS ANGELES

**FOOD  
DROP**

Donation & Recovery Outreach Program

## OUR MISSION & VISION

### OUR MISSION

To provide resources for businesses operating in the County unincorporated communities to safely donate their excess edible food to fight hunger in LA County and divert food waste from the landfills.

### OUR VISION

All businesses operating in LA County's unincorporated communities safely donate their excess edible food to feed people in need in LA County.

## WHY DONATE?

### HELP FIGHT HUNGER

Each year, Los Angeles County unincorporated communities toss 128,000 tons of food into the trash. The Department of Public Works has partnered up with local charities in LA County to offer businesses a food donation option through Food DROP.

*1 in 7 living in Los Angeles County live with food insecurity.*

### TAX DEDUCTIBLE

All businesses who donate to a 501(c)(3) that uses the food for the care of the ill, the needy, or infants can receive an enhanced tax deduction.

### ASSEMBLY BILL 1826

Under AB 1826, businesses that generate specified amounts of organic waste are required to arrange for organic waste recycling services or food donation. Learn more about AB 1826 by visiting

[www.FoodDROPLA.com](http://www.FoodDROPLA.com)

## GETTING STARTED!

### LA County CARES. Steps to Success:

#### 1. CHECK YOUR INVENTORY

Identify what types of food can be donated and get manager buy-in.

#### 2. ARRANGE FOR A MEETING

If you are located in an unincorporated community, Public Works will help you develop a food donation process at your location. To schedule a meeting with Public Works, call 1-888-Clean LA.

#### 3. REACH OUT

Set up an appropriate schedule with your non-profit.

#### 4. ENGAGE YOUR STAFF

Educate and train them about what foods to donate and the proper way to handle and store that food for continued success.

#### 5. START DONATING!

Follow the agreement you and your charity have set up to start the process!

## HOW TO SAFELY DONATE

*The LA County Department of Public Health supports safe food donation of surplus food.*

Follow Public Health's Guidelines for Safe Food Donation to minimize food safety risks. Make sure that your donated foods are:

- ✓ **AN APPROVED SOURCE OF DONATED FOODS**
- ✓ **REMAIN WITHIN TEMPERATURE CONTROL**
- ✓ **STAY PROTECTED FROM CONTAMINATION**

To learn more about how to safely donate, please visit: <http://publichealth.lacounty.gov/eh/LACFRI/> or call Public Health's Environmental Health Consultative Services (626) 430-5320 during business hours 8am-5pm.

### TAX DEDUCTION

Remember, food donations are tax deductible. Contact your tax advisor to find out how you can maximize your deduction for donating food.

## Food Facility Operators

# Guidelines for Safe Food Donation

Donating surplus food from hotels, restaurants, other food facilities, and catered events can be a great way to help local missions and other charitable organizations that serve those in need. Although a special public health permit is not required, donating or receiving surplus foods must be done in a way that minimizes food safety risks. The Los Angeles County Department of Public Health Environmental Health Division has prepared the following food safety guidelines to help facilitate safe food donations.

### Approved Source of Donated Foods

Prepared foods and meals must be donated only by permitted restaurants, hotels, food processing facilities, food distributors, or catered events. Donated foods are limited to foods or food portions which have not been previously served to a consumer. Individuals who wish to donate food should only provide uncooked, pre-packaged food products that can be prepared on site by approved food handlers.

### Facilities Receiving Donated Foods

Most missions or charitable organizations receiving donated foods operate under a public health permit so they are familiar with food handling requirements. If an organized event or charitable organization does not operate under a public health permit, the donated foods are to be immediately served and consumed.

### Temperature Control

Donated foods that require temperature control must always remain at 41°F or below for cold foods or 135°F or above for hot foods, prior to transportation. When refrigerated transport is available, foods should be held below 41°F, while in transport to the venue. If refrigerated transport is not available, the food items should be labeled "Process Immediately" and must not be out of temperature controls for more than 2 hours. Donations consisting of whole produce, canned goods, dry foods and other similar products can be delivered anytime with no requirement for temperature controls or delivery times.

The food donor must check to ensure proper temperatures at the time of the transfer to the receiving facility or food transporter. The person-in-charge at the receiving venue should also check the temperature of the food upon receipt and note the time that the food is received. See the attached sample Food Donation Delivery Form on page 3 for an outline of helpful information that should be captured upon delivering, transporting or receiving foods.

# Food Donation Guidelines, continued

### Protection from Contamination

Food must be protected from potential contamination at all times through the use of sanitary, food-grade containers, and by ensuring that transport vehicles are clean and free of vermin.

### Questions?

For more information, please contact Environmental Health at (626) 430-5200 during business hours, 8 am to 5 pm, Monday through Friday; call the 24-hour Hotline at (888) 700-9995; or e-mail [ehmail@ph.lacounty.gov](mailto:ehmail@ph.lacounty.gov).

## State and Federal Food Donation Statutes

### California Health and Safety Code, Section 114432

Any food facility may donate food to a food bank or to any other nonprofit charitable organization for distribution to persons free of charge.

### California Health and Safety Code, Section 114433

No food facility that donates food as permitted by Section 114432 shall be subject to civil or criminal liability or penalty for violation of any laws, regulations, or ordinances regulating the labeling or packaging of the donated product or, with respect to any laws, regulations, or ordinances, for a violation occurring after the time of donation.

### California Civil Code, Section 1714.25(a)

Except for injury resulting from negligence or a willful act in the preparation or handling of donated food, no food facility that donates any food that is fit for human consumption at the time it was donated to a nonprofit charitable organization or a food bank shall be liable for any damage or injury resulting from the consumption of the donated food. The immunity from civil liability provided by this subdivision applies regardless of compliance with any laws, regulations, or ordinances regulating the packaging or labeling of food, and regardless of compliance with any laws, regulations, or ordinances regulating the storage or handling of the food by the donee after the donation of food.

### United State Code, Bill Emerson Good Samaritan Food Donation Act, Title 42, Chapter 13A, Section 1791

**(c)(1)** A person or gleaner shall not be subject to civil or criminal liability arising from the nature, age, packaging, or condition of apparently wholesome food or an apparently fit grocery product that the person or gleaner donates in good faith to a nonprofit organization for ultimate distribution to needy individuals.

**(f)** This section shall not be construed to create any liability. Nothing in this section shall be construed to supercede State or local health regulations.

## California's New Waste Reduction & Food Recovery Strategy

### RECOVER

As of January 1, 2022, certain businesses are required to save surplus, edible food which would otherwise be discarded, so that it can feed people in our community without enough to eat.

### PARTNER

Establish partnerships with local food rescue organizations via written agreements in order to recover the maximum amount of your business's surplus, edible food.

### RECORD

Keep a careful log of all food recovery activities. City officials will request your records during routine facility inspections.

# CA Senate Bill 1383: New Food Recovery Requirements for Businesses

## What is SB 1383?

California Senate Bill (SB) 1383 is a new, statewide law which aims to protect our environment and to strengthen our communities by preventing surplus, edible food from being needlessly tossed into landfills and by redirecting that food to the nearly 1 in 4 Californians who do not have enough to eat.

## Who will SB 1383 affect?

Certain businesses – known as **commercial edible food generators (CEFGs)** – are expected to help our state achieve this ambitious goal. The law identifies twelve different types of CEFGs, which are grouped into two broad categories based on the types of foods that they generate:

### Tier 1

Regulations took effect **January 1, 2022.**

Usually have food items that can be easily donated, like produce and shelf-stable goods.

### Tier 2

Regulations will take effect **January 1, 2024.**

Typically have prepared foods or meals, which require specialized handling for safe donation.

## What are the specific requirements for businesses?

- Recover the **maximum amount** of surplus, edible food that would otherwise be discarded.
- Partner with local **food recovery organizations (FROs)** or **services (FRSs)** via written contracts in order to redistribute surplus food to people in need.
- **Maintain records** of all food recovery activities.

# CA Senate Bill 1383: Additional Information & Resources for Businesses

## How can my business prepare for SB 1383?

1. **Identify and contact** one or more food recovery partners. You can use [this directory](#) or this [interactive map](#) to locate a variety of FROs and FRSs operating near you.
2. **Establish written contracts** with your new partner(s) to ensure safety, reliability, and accountability for everyone. Check out this [model food recovery agreement](#) to get started.
3. **Begin donating** your surplus food to the LA community with the help of your new partners.
4. **Keep careful records** of all your food recovery activities, including copies of your contracts. This [record-keeping tool](#) can help you stay prepared for routine inspections by city staff.

## Benefits of Compliance

**Build Community** – Sharing your organization's extra resources will improve the lives of the more than 1 million Angelenos who lack reliable access to food, while strengthening key relationships with the communities and individuals that you serve.

**Be a Good Steward** – Feel good about doing the right thing for our planet *and* enhance your company's image by letting employees and customers know about your ongoing efforts to reduce waste. It's a simple way to raise team morale and attract new clients!

**Boost Your Bottom Line** – Not only can you potentially save money on your monthly waste-collection bills by keeping edible food out of the trash, but your business may also be able to claim tax deductions for donating that food to charitable organizations.

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and upon request will provide reasonable accommodation to ensure equal access to its programs, services and activities.

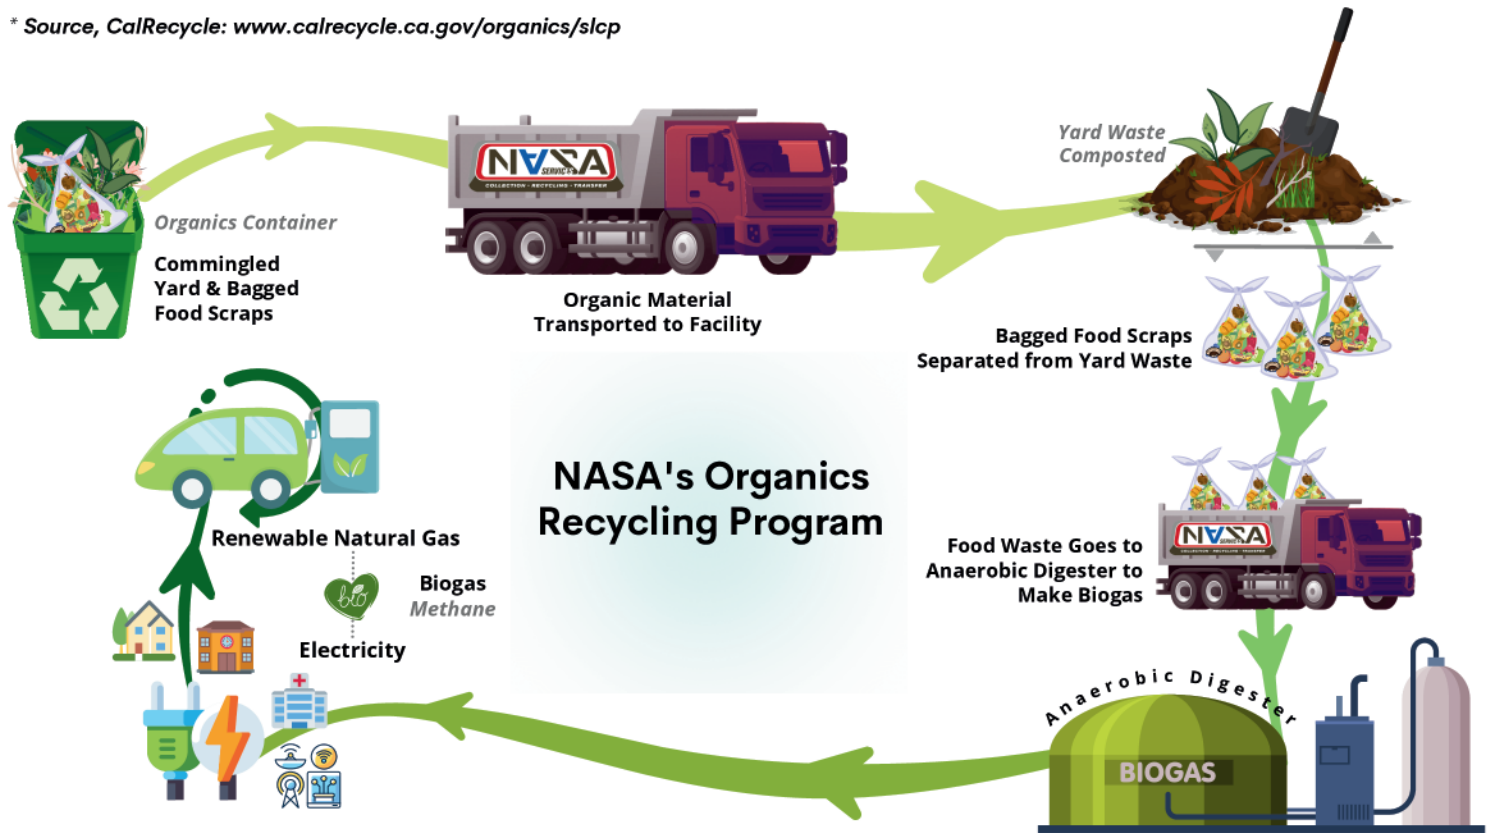

New Senate Bill 1383 (SB 1383) regulations went into effect on January 1, 2022. This law requires jurisdictions to establish organics recycling services for all residents and businesses, including multi-family complexes.

SB 1383 aims to reduce statewide organic waste disposal by 75% by 2025. When disposed in landfills, organic waste emits:

- 20% of California's methane, a climate super pollutant 84 times more potent than carbon dioxide
- Air pollutants like PM 2.5, which contributes to health conditions like asthma.\*

**Subscribe to Recycling & Organics Services**

All businesses, multi-family complexes, and residents **MUST** participate in the established program by subscribing to services for Black, Blue, and Green containers and by separating materials as shown below:

What goes into **BLACK:**  
**Trash**

- Chip bags, Diapers, Disposable gloves & masks
- Pet waste, Plastic bags, Plastics #3, #4, #6, & #7
- Foam containers & other plastic to-go food packaging

What goes into **BLUE:**  
**Recyclables**

- Cardboard, paper, newspaper
- Clean & dry metal containers & products
- Glass bottles & containers
- Plastics #1, #2, & #5

What goes into **GREEN:**  
**Food Scraps**

\*Yard trimmings bin available for any grass, weeds, leaves, flowers & small branches

- Food scraps and food-soiled paper. **EXCLUDES** fats, oils, & grease
- All food **MUST** be put in a clear plastic bag prior to being placed into the Green container

## How to Comply

All businesses, property owners, and property managers MUST:

- Participate in available programs
- Educate employees & tenants at least one time per year, and new tenants within 14 days of tenancy
- Monitor for proper sorting and take corrective actions when needed
- Color code internal bins and place proper signage
- Offer customers access to separate collection bins

Failure to comply may result in enforcement actions!

## Does Your Business Make, Sell, or Distribute Edible Food?

SB 1383 requires certain food businesses to donate the maximum amount of surplus edible food they would otherwise dispose of to food recovery organizations.

Mandated businesses need to enter into a formal agreement with a food recovery organization and track all donations. Contact the LASAN Customer Care Center at 800-773-2489 to be connected to a Zero Waste Representative for any questions or assistance.

**Tier 1 Businesses/Organizations** were required to begin donating by January 1, 2022. Tier 1 includes:

- Supermarkets
- Grocery Stores of  $\geq 10,000$  sq. ft.
- Food Service Providers
- Food Distributors
- Wholesale Food Vendors

### Edible Food Must Be Donated

Businesses may not knowingly allow edible food to spoil to avoid donation requirements.

**Effective January 1, 2022**, the City of Los Angeles commenced monitoring activities to ensure compliance.

**Tier 2 Businesses/Organizations** must begin donating by January 1, 2024. Tier 2 includes:

- Restaurants with Facilities  $\geq 5,000$  sq. ft. or 250+ Seats
- Hotels with an On-Site Food Facility & 200+ Rooms
- Health Facilities with an On-Site Food Facility & 100+ Beds
- Large Venues & Events
- State Agency Cafeterias with Facilities  $\geq 5,000$  sq. ft. or 250+ seats
- Local Education Agency with an On-Site Food Facility
- Non-Local Entities

## Think Outside the Black Bin!

The easiest, cheapest, and most sustainable way to manage organic waste is to avoid creating it in the first place.

To reduce organic waste at its source:

- Perform a food waste audit to see what food is being wasted & why
- Avoid over purchasing and over preparing
- Serve smaller portion sizes
- Properly store & label food items

For remaining organic waste, consider alternative disposal methods:

- Recycle organic waste on-site through composting or anaerobic digestion systems
- Send organic waste to a local community composting site
- Donate food scraps to a local farm
- Subscribe to NASA's organic waste service. Food scraps are taken to be anaerobically digested & generate energy. Yard trimmings are processed at a mulching facility

## OFFICIAL NOTICE

### MANDATORY COMMERCIAL ORGANICS RECYCLING

---

To reduce methane emissions from landfill California Senate Bill 1383 (SB 1383) requires all businesses, schools, and multifamily complexes to subscribe to an organics collection service and must separate into their green organics container all of their green waste, food scraps, and food-soiled paper (100% fiber based).

Further, in accordance with Los Angeles Municipal Code Section 66.03(e), Solid Waste Services Required, *“All commercial establishments and multifamily properties shall have collection services for source-separated recyclables and/or commingled recyclables and Source-Separated Organic Waste”*

To arrange for recycling service please contact our 24-hour Customer Care Center at 1-800-773-2489 and request a waste assessment. Your recycLA service provider will conduct a waste assessment of your property and work with you to determine your optimal level of services for the lowest possible cost. The waste assessment is a thorough walk-through of your property to determine current levels of service, opportunities to increase recycling, establish organics collection, and right-sizing your bins, which means determining the appropriate bin size for your needs as well as selecting the appropriate frequency of service. Remember as you add green bin service you should be able to decrease your black bin service. In addition, as you increase your blue service level you should be able to further decrease your black bin service.

Failure to maintain organics recycling could lead to future fines, in accordance with the requirements under SB 1383.

*zero waste • zero wasted water*
